Wedding Review

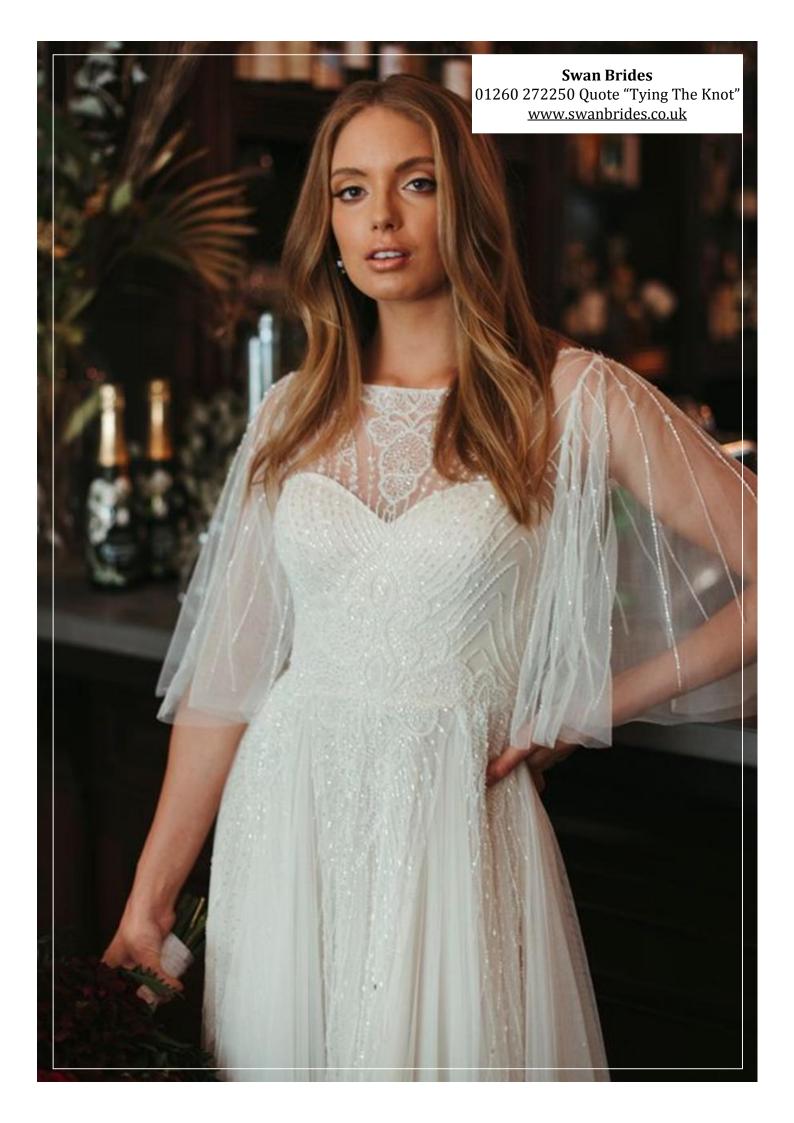

"I purchased my dream wedding dress from this gorgeous shop in September last year. The lady who dealt with me was amazing from start to finish, and helped me find the dress that I had already seen online. Swan Brides was the fourth bridal dress shop that I went to, and by far the best. There was no rushing, and the dresses were all immaculately cared for. I would highly recommend and I'm so glad that I travelled the distance to go here!" Rose, via Google.

- 1. Start looking for dresses at least 1 year before your wedding once ordered dresses can take between 6 -9 months to arrive in the boutique.
- 2. Bridal boutiques will often have trunk shows look out for details on Facebook and Instagram to see dresses not normally in the boutique.
- 3. Bring the person whose opinion you value the most to help you make your decision.
 And only bring three people as a maximum too many opinions will make your choice even more difficult.
- 4. Come to the appointment with an open mind, quite often brides will choose a dress they unexpected!
- 5. Appointments are 1.5 hours long, wear clothing that is easy to change out of to save time, and it helps to wear nude underwear and a strapless bra.

Recent Wedding Review

"From the moment I walked through the door Lyndsey and Sarah were friendly and professional. They put me at ease (not straightforward for someone like me who isn't very comfortable parading around in dresses!) and helped even indecisive me to pick a beautiful wedding dress, without being at all forceful or pushy as I have experienced in other shops. The shop itself is nicely situated and laid out. A really lovely experience. Thank you ladies, looking forward to visiting you again to pick up my dress! Xx" Rosie Beech

Once Upon A Bride Top Tips

- 1. It is your day, Make sure you have it the way you want it. You Don't want to look back in years to come and regret decisions that you made to please other people.
- 2. Keep the dress shopping entourage to a minimum, it is too overwhelming if you take an army of ten people for both you and also the shop assistant.
- **3.** It is never too early to start planning, Best to be organised than stressing weeks before the big day. And the plan is to only do it onc right, so ENJOY the planning process, as you won't be doing it again;)
- 4. Don't try any dresses on that are over your budget, it will only make sure dress shopping really hard if you keep comparing to one that you cant have.
- **5.** Don't judge a dress on it hanger, they could surprise you once you have it on.
- **6.** Don't let your venue sway your dress choice too much, go with the dress you love.

Pearl Bridal Boutique Overview

Every gown in our collection has been created by some of the world's leading designers in stylish bridal wear. We choose each gown individually based on cut, fabric, detail and finish and at any one time we have in excess of 100 different bridal gowns in stock to choose from, with styles ranging from Grecian goddess, timeless vintage lace to fairy tale princess. Our gowns also include our own exclusive collection and many others can be adapted and modified by changing aspects such as neckline, fabric and fastening detail to make your gown truly unique.

Pearl Bridal Boutique Top Tip

Don't bring too many people with you to your appointment. It's great to get opinions from a couple of close friends / relatives who know you well and whom you trust but too many opinions can get confusing. It's great to get that 'wow' reaction when you walk down the isle, so don't show everyone your dress first!

Accessories

A wide variety of headpieces, jewellery and veils from leading designers Twilight Designs and Warren York, plus extras such as beautiful garters, boleros, underskirts. We also stock travel boxes and storage boxes from The Empty Box Company.

Dress The Bride Top Tips

- 1. Try not to take too many people to your appointments too many opinions will confuse you. There are a couple of special people who you want to have input into choosing your dress and will understand what you want too.
- 2. Try on lots of different styles. It is not like high street fashions so you may suprise yourself with the dresses that suit you. Think about what sort of look you want Boho, Sassy, Romantic or Fairytail as well as what looks good on you.
- 3. Keep to your budget it's all too easy to get carried away and overspend. Decide how much you can afford and don't try on dresses way above your budget.
- 4. When is the right time to say 'I do' to your dress. When you feel like you don't want to try any more on as the one you have found you don't want to take off.
- 5. Most importantly enjoy yourself!
